Hello Doug,

Attached is a copy of the SOW for the site. Let me know if you have any further needs.

Subject: Looking for Anaconda Aluminum Columbia Falls RI/FS SOW

Mike – as part of a project my office is working on with OSRTI to produce a current model SOW for RI/FS actions, I'm collecting recent examples from each Region of SOWs that accompanied RI/FSs. Anaconda

Aluminum Columbia Falls Reduction Plant shows up on my list as one of the more recent RI/FSs in Region 8 (chart shows date of 11/30/15). I found a copy of the RI/FS ASAOC on the Site website but it doesn't reference or have a SOW attached. However, I see there is a separate RI/FS workplan as Appendix A (too large a document for me to download). So with this large WP, is there no separate SOW?

Thanks,

Doug Dixon
